Mary, who married Edmund Canby. All four are located in the same block and on the same side of Market Street, or as it was known at the time of their erection Brandywine Walk. This house shows, as does the one at ~~14~~ 1301 Market Street (Del-28) an interesting use of Greek motifs applied to a Colonial design, not an unusual practice during the Greek Revival era in Delaware. Note the broad chimneys with connecting wall masking the gable end, and the long service ell to the rear of the main house.
